Free Health Check-up Camp at Amba Shakti Udyog Pvt. Ltd.

ShriRam College of Pharmacy, Banmore, through its Community Health Centre, organized a Free Health Check-up Camp at Amba Shakti Udyog Pvt. Ltd., coordinated by Prof. Feran Singh and Miss Sakshi Jadoun. The camp provided free screening for general health, blood pressure, blood sugar, blood group and BMI. A total of 90 beneficiaries availed the services. The initiative promoted preventive healthcare, healthy lifestyle practices and timely medical consultation, reflecting the institution's commitment to community engagement and social responsibility.

Dr. Vinay Jain Receives International Recognition for Research Reviewing

Dr. Vinay Jain, Group Director and Principal, has received four reviewer recognitions from reputed international journals for his contributions to scientific peer review. These include **Fitoterapia**, **Journal of Holistic Integrative Pharmacy**, and **Biomedicine & Pharmacotherapy**, published by Elsevier, along with **Applied Biochemistry and Biotechnology**, published by Springer Nature, for reviewing two manuscripts in 2026. These achievements reflect his commitment to academic excellence, research quality, and scientific advancement. The institution congratulates Dr. Jain on this accomplishment and wishes him continued success in his academic and research endeavours.

Dr. Vinay Jain Honoured with "Best Researcher of the Year" Award

Dr. Vinay Jain, Group Director and Principal, has been honoured with the prestigious **"Best Researcher of the Year"** recognition by Scientific Laurels – International Scientific Awards. This recognition celebrates his remarkable achievements, dedication to scientific research, and valuable contributions to the academic community. The achievement reflects his commitment to research excellence and academic advancement, bringing pride to the institution. The institution congratulates Dr. Jain on this honour and wishes him continued success in his future endeavours.

Research Article on PCOS Published in an International Elsevier Journal

Pinky Singh, along with Ravindra Mishra and Dr. Vinay Jain, Group Director and Principal, has co-authored a research article titled **"Protective effects of *Eclipta alba* extract in letrozole-induced polycystic ovary syndrome in rats,"** published in ***Pharmacological Research – Modern Chinese Medicine*, an international journal published by Elsevier in 2026.**

The study explores the potential protective effects of *Eclipta alba* extract against PCOS, highlighting its antioxidant and anti-inflammatory properties and its potential for further pharmacological research.

This publication represents a valuable contribution to pharmacological research and reflects a commitment to scientific innovation and academic excellence.

Edited Book on Artificial Intelligence in Pharmacy Announced

Dr. Vinay Jain and Prof. Rajveer Singh Rajput, has announced an edited book titled **"Pharmacy in the Age of Artificial Intelligence: ChatGPT, Generative AI, Imaging and Digital Transformation."** The book will be published with an ISBN by Iterative International Publishers (IIP), USA and India.

The book invites chapters and research papers exploring the applications of artificial intelligence and digital technologies in pharmacy. The institution congratulates Dr. Vinay Jain and Prof. Rajveer Singh Rajput on this academic initiative and wishes them great success in their endeavour to advance pharmaceutical education and research through artificial intelligence.

Pharmaceutical Industrial Visit to Teva API India Ltd.

ShriRam College of Pharmacy, Banmore, organized a pharmaceutical industrial visit to **Teva API India Ltd., Malanpur (M.P.),** on 10 October 2026, for 30 students. During the visit, students explored the raw material storage, production, quality control, quality assurance, packaging, and R&D departments. They gained practical insights into API manufacturing, solvent handling, quality management, and industrial packaging and storage procedures. The visit enhanced their understanding of pharmaceutical manufacturing processes and provided valuable industry exposure. The program was coordinated by Dr. Naveen Kumar Tripathi.

ShriRam College of Pharmacy Signs MoU with Habitare Pharma Pvt. Ltd.

ShriRam College of Pharmacy, Banmore, signed a Memorandum of Understanding (MoU) with Habitare Pharma Pvt. Ltd., Panchkula, Haryana, to strengthen industry–academia collaboration. The partnership aims to promote industrial training, internships, expert lectures, research, skill development, and career opportunities for pharmacy students. **Dr. Vinay Jain, Group Director and Principal, and Mr. Mahesh Kumar**, Plant Head, represented their respective organizations during the signing ceremony.

Dr. Vinay Jain Invited as Judge at IIITM Gwalior's Vigyan Mahotsav

Dr. Vinay Jain, Group Director-cum-Principal, was invited as a **Judge at Vigyan Mahotsav** organized by the **Indian Institute of Information Technology and Management** (IIITM), Gwalior. His invitation reflects his academic expertise and contribution to the field of education and research. During the event, Dr. Jain evaluated the participants' presentations and innovative projects, encouraging scientific thinking, creativity, and innovation among young minds. His participation provided an opportunity to interact with emerging talent and appreciate their scientific ideas and technological innovations. The invitation was a matter of pride and recognition, highlighting his academic expertise and professional association with a prestigious technical institution.

One Week STTP on Robotics

A One Week STTP on Robotics was organized by EC dept. of SRIIT for the students of B.Tech of EC/ME (2nd to 4th year). Mr. Zaheer Mohammad has given a one week robotics training to the students. The one week STTP on Robotics provided students with practical exposure to robotics, circuit design, Tinkercad, servo motors, ultrasonic sensors, motor drivers, and robotic vehicle development. The programme enhanced students' technical knowledge, creativity, teamwork, and problem-solving abilities. Through hands-on activities and mini-projects, students gained a better understanding of how hardware and software work together to develop simple electronic and automation projects.

Around 45 students benefitted from this one week STTP on Robotics throughout the workshop Faculties has commendably handled all the queries of the students

EXPERT LECTURE

The Department of Electronics and Communication Engineering, Shriram Institute of Information Technology (SRIIT), successfully organized an expert lecture on 22 October 2026, featuring Dr. Vineet Singh, Assistant Professor, National Institute of Technology (NIT), Patna.

The lecture was conducted on the topic “Maxwell's Equations Beyond Mathematics: Physical Insights and Practical Applications.” The primary objective of the session was to enhance students' conceptual understanding of electromagnetic theory and bridge the gap between mathematical formulations and their practical engineering applications, atenna etc. The programme commenced at 11:00 AM with a warm welcome to the distinguished guest, faculty members, and students. The event began with Saraswati Pooja and the traditional lamp-lighting ceremony, symbolizing the pursuit of knowledge and wisdom. Dr. Vineet Singh delivered an informative and engaging lecture on Maxwell's equations and their significance in understanding electromagnetic phenomena.

Student Participation in Vigyan Bharati Programme at ABV-IIITM, Gwalior

Encouraging innovation, creativity, and intellectual development among students, participants from Shriram Institute of Information Technology (SRIIT) and Shriram Institute of Professional Studies (SRIPS) attended the Vigyan Bharati programme organised at ABV-IIITM, Gwalior, on 24th October 2026. Students actively participated in various activities, including innovation presentations, debate competitions, and motivational speeches. The programme provided an excellent platform to showcase their innovative ideas, communication skills, creativity, and confidence. Outcome: The participation enhanced students' critical thinking, public speaking, leadership, and innovative abilities while promoting scientific temperament and experiential learning. The programme proved to be a valuable and enriching learning experience for all participants.

LEARNING THROUGH MOVIES

The Department of Commerce & Management successfully organized a two-day interactive Activity titled *"Learning Through Movies" for the incoming batch of BBA 1st-year students. Designed to bridge the gap between theoretical business concepts and practical life skills, the program utilized curated cinema segments to illustrate key principles of management, leadership, teamwork, and ethics.

Key Dignitaries & Guidance

The event was conducted under the Guidance of:

· Dr. Ramavatar Tomar, Principal, SRIPS

· Dr. Manoj Kumar, Head of Department (HOD), Department of Commerce & Management

The workshop was further honored by the special presence and support of:

· Prof. Sanjay Bhatele, Dean Academics, SRIIT

· Dr. Anamika Upadhyay, Coordinator, 1st Year B.Tech,SRIIT

Program Highlights & Student Engagement

Throughout the two-day session, students were exposed to thought-provoking cinematic scenes depicting real-world business challenges, strategic decision-making, financial discipline, and workplace dynamics.

Following the screenings, interactive discussions and group activities were held where BBA 1st-year students actively participated and showcased exceptional skills, including:

· Critical Thinking & Problem Solving: Analyzing managerial dilemmas portrayed on screen.

· Communication & Presentation Skills: Expressing insights and takeaways during post-movie debriefs.

· Teamwork & Collaboration: Working in groups to solve case studies inspired by the films.

· Leadership & Emotional Intelligence: Identifying core leadership traits in movie characters and discussing their real-world application.

WORKSHOP MAIL SCHEDULING

The codingCraft & Robotics Club of the Department of CSE/AIDS organised a project presentation on 27 October 2026, in which student developers presented Project 2 of the club: MailPilot, a Mail Scheduling System. The club gives students a platform to build real projects and present them to their peers and faculty, which develops both technical and communication skills. The objectives of the presentation were to:

- showcase a student-built project of the club to the department;
- build the presentation and communication skills of the developers;
- encourage peer learning through questions and feedback; and
- promote project-based learning among students.

Welcome and Introduction

The session began in the department lab with a welcome to the students and faculty members, and a faculty member addressed the participants.

Project Presentation

The student developers, Devanshu Ojha and Ajay Kushwah, presented MailPilot, a Mail Scheduling System built around smart email management, automated scheduling and time-saving solutions. The project aims to help users plan their emails, send them at the right time and stay productive.

The presentation covered:

Interaction and Questions

Students and faculty members followed the presentation closely and raised questions on the project. **Closing**

The session ended with appreciation for the developers and a group photograph with faculty members and participants.

Internship Walking Drive

The Department of Computer Science & Engineering, SRIIT, in association with Pankh Cyber Solution, organised an Internship Walk-In Drive in Cyber Security on 22 October 2026, from 11:00 AM onwards. The drive was open to students of Computer Science and related streams who had a basic interest in cyber security and were eager to learn and work on real projects. No prior experience was required, and students were asked to bring their own laptops.

Selected students are offered hands-on practical training, an industry-recognised certificate, mentorship by experts and the chance to work on real projects. The internship covers the following areas:

- Ethical Hacking, • Network Security • VAPT Basics • SOC Fundamentals
- Cyber Threat Analysis • Malware Analysis • Cyber Awareness & Best Practices

The objectives of the drive were to:

- provide industry internship opportunities in cyber security to students of the department;
- give students hands-on training, mentorship and exposure to real projects;

Welcome and Felicitation

The representatives of Pankh Cyber Solution were welcomed by the faculty of the department with sashes and saplings. Mr. Utkash explain the internship duration and selection criteria and Ms. Asmi encourage students to attempt the interview.

Briefing for Students Students gathered in the department lab, where the visiting team explained the internship programme, its learning areas and the benefits for selected interns.

Screening and Interviews Candidates were screened through personal interaction with the panel and group discussions with the visiting team, which helped assess their interest, basic fundamentals and eagerness to learn.

Selection and Closing After the screening, Pankh Cyber Solution announced the selection of 45 students from the B.Tech (CSE) department of SRIIT for the cyber security internship, and congratulated all the selected students.

Auto Cad Workshop

The Department of Civil and Mechanical Engineering, ShriRam Institute of Information Technology, organized a three-day Industry-Oriented AutoCAD Workshop from 29 September to 1 October 2026 in the CAD-CAM Lab. The workshop was conducted by SAN Infrastructure and supported by the T&P Cell, SRGOC. The workshop aimed to enhance students' practical knowledge and technical skills in AutoCAD software, focusing on industry-oriented design and drafting techniques. Students gained exposure to computer-aided design applications and developed skills useful for their future careers in engineering. The workshop provided valuable practical learning opportunities and helped students understand the importance of AutoCAD in the civil and mechanical engineering fields.

HERITAGE VISIT TO MITAWALI AND PADAVALI

During the visit, students explored the magnificent ancient temples and remarkable architectural structures of the region. They gained insights into the historical significance, artistic excellence and cultural importance of these heritage sites. The visit also encouraged students to develop curiosity, observation skills and an appreciation for India's glorious past. To make the excursion more engaging and educational, activities such as Best Photography, Best Reel and Best Report competitions were also organized. These activities encouraged students to creatively document their experiences and share their observations. The program was an enriching experience for students, combining education, exploration and cultural awareness. The excursion concluded with wonderful memories and a deeper appreciation of India's historical heritage.

Book ChapterPublication

The Department of Commerce and Management proudly announces the research paper publication titled “Moral Compromise in Academia” by Prof. Mansi Sharma, Assistant Professor, Department of Commerce and Management. The research paper addresses the importance of ethical values, academic integrity, professional responsibility, and moral principles in higher education. It highlights the ethical challenges faced in academic institutions and emphasizes the need to maintain transparency, honesty, and accountability in teaching, research, and academic practices. This academic achievement reflects the faculty member's commitment to research, knowledge development, and academic excellence. The department congratulates Prof. Mansi Sharma on this accomplishment and wishes her continued success in her research endeavours.

Book ChapterPublication

We are pleased to announce that **Prof. M. P. Gupta** of ShriRam Institute of Information Technology, Banmore, has successfully contributed a book chapter titled “Artificial Intelligence in Civil Engineering: Emerging Applications, Challenges and Future Prospects.”

The chapter highlights the role of Artificial Intelligence in modern civil engineering, including structural design, construction management, smart infrastructure, and sustainable development. This achievement reflects his valuable contribution to academic research and innovation.

Heartiest congratulations to Prof. M. P. Gupta on this remarkable academic achievement!

Grand Garba-Dandiya Celebration

The festive spirit of Navratri came alive at ShriRam Group of Colleges with a grand Garba-Dandiya Eve organized by Team Sanskriti Club. The event was directed by Quintet Head Prof. Vikas Basant.

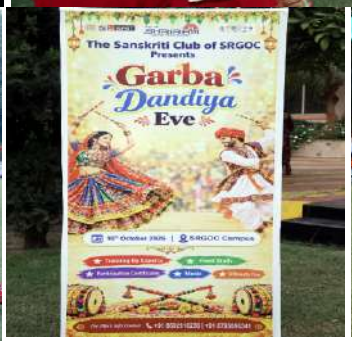

The celebration began with the auspicious Maa Ambe Aarti, followed by a captivating cultural performance by B.Tech student Ms. Sonam Argal. The occasion was graced by **Shri Harendra Sharma, Secretary; Shri Avinash Sharma, Executive Officer; Dr. Vinay Jain, Group Director; and Prof. Mathura Prasad Gupta, Director, SRIIT.** Students dressed in colourful traditional attire participated enthusiastically in Garba and Dandiya dances, creating an atmosphere of joy, energy and cultural vibrancy. The group performances added further excitement to the celebration. The event concluded with a prize distribution ceremony recognizing outstanding participants in various categories, including Garba King and Garba Queen, Energy Ka Dhamaka (Boys and Girls), and Best Dress-Up (Boys and Girls). The celebration ended on a joyful note with a group photograph of the participants and organizing team, making the occasion a memorable blend of tradition, culture and togetherness.

BLOOD DONATION CAMP

Shriram Institute of Professional Studies successfully organised a Blood Donation Camp on 16th October 2026 in collaboration with the Indian Red Cross Society, Gwalior, with the objective of promoting social responsibility, humanity, and awareness about the importance of blood donation.

The camp was organised under the esteemed guidance and leadership of Dr. Vinay Jain, Group Director, Prof. M. P. Gupta, Director, SRIIT, Dr. Ramavtar Singh Tomar, Principal, and Dr. Manoj Kumar, HOD. The event was coordinated by Mr. Alkendra Singh (Assistant Professor), Shriram Institute of Professional Studies.

A dedicated team from the Indian Red Cross Society, Gwalior, led by Mr. Praveen Bhardwaj, visited the institute to conduct the blood donation drive. The team efficiently managed the entire donation process and ensured that all necessary procedures were followed. Students and faculty members of the institute enthusiastically participated in the camp and voluntarily donated blood. Their active participation reflected a strong sense of social commitment and compassion towards humanity. The initiative provided an opportunity for students and teachers to contribute to society through a noble cause and helped spread awareness about the life-saving importance of blood donation. The management, faculty members, and students appreciated the efforts of the Indian Red Cross Society, Gwalior, for their valuable support and cooperation in making the event successful.

Conclusion: The Blood Donation Camp was successfully conducted with active participation from students and faculty members. The event reinforced the message that "Blood Donation is a Gift of Life" and encouraged everyone to come forward and contribute towards saving precious human lives.

Shriram Institute of Professional Studies expresses its sincere gratitude to the Management and Indian Red Cross Society, Gwalior, and all the donors, volunteers, faculty members, and organising team members for their valuable contribution to this noble initiative.

Corporate Quiz Competition

The Department of Commerce and Management organized an engaging Corporate Quiz Competition on 29 October 2026 at the Smart Room, SRIIT, for students of BBA, B.Com and BCA. The event aimed to enhance students' corporate awareness, business knowledge and analytical skills. Coordinator was Dr. Arun Saral, Asst. Professor, SRIIT. The competition featured three interactive rounds covering business awareness, brand identification, company logos, taglines, corporate personalities, financial institutions and current business affairs. Students participated enthusiastically and demonstrated excellent teamwork, confidence, quick thinking and competitive spirit throughout the event. The activity provided an opportunity to connect theoretical classroom knowledge with practical corporate understanding. The competition proved to be an informative and enjoyable learning experience, encouraging students to broaden their business perspectives and develop essential professional skills. The event concluded with appreciation for the participants and their enthusiastic involvement.
