THE SHRIRAM NEWS BULLETIN

From The Group Director's Desk.

Dear Readers,
ShriRam Group of Colleges has consistently taken steps to provide quality education through experienced faculties, well-structured academic programs, modern infrastructure, and a learner-centered approach.

We have introduced skill-based courses, value-added programs, internships, workshops, seminars, industrial visits, and collaborative activities to ensure that our students are not only academically strong but also industry-ready and socially aware. Our focus has always been on holistic development—academic excellence combined with ethical values and practical exposure.

However, the true strength of an institution lies in its students. I urge each one of you to uphold the values of discipline, respect, integrity, and responsibility. A Shriram student is expected to be punctual, sincere in academics, respectful towards teachers and peers, and committed to personal growth. Your behavior, attitude, and conduct inside and outside the campus reflect not only your personality but also the reputation of the institution. Let your actions demonstrate honesty, kindness, teamwork, and a willingness to learn.

The college provides numerous opportunities, but it is up to you to make the best use of them. Participate actively in academic activities, co-curricular and extracurricular programs, research initiatives, cultural events, sports, community outreach, and leadership platforms. These opportunities are designed to build confidence, communication skills, critical thinking, and resilience—qualities essential for success in today's competitive world.

As the Group Director, I assure you that Shriram Group of Colleges will continue to support, guide, and empower you in your academic and professional journey. Together, let us strive to create a culture of excellence, mutual respect, and continuous learning.

I wish you all a future filled with growth, success, and meaningful contributions to society.

With Best Wishes,
Dr. Vinay Jain
Group Director
ShriRam Group of Colleges

THE SHRIRAM NEWS BULLETIN

From The Lens of the Editors

Dear Readers

It gives us immense pleasure to bring to you the **March 2026** edition of **Shri Ram News Bulletin**. The institute witnessed vibrant celebrations with the joyous spirit of Holi bringing colors of unity and happiness across the campus, alongside a meaningful International Women's Day celebration that highlighted empowerment and achievements, and continuous learning. This edition encapsulates our diverse activities, including noteworthy publications, honours & accolades, and enriching excursions. Academic and professional growth was fostered through placements, extempore sessions, and group discussions, while platforms like the Faculty Forum and Management Weekend encouraged knowledge sharing. Upholding the belief that learning has no age bar, we continue to inspire growth for all.

The NCC Corner proudly showcases the voices of our cadets, embodying discipline and dedication.

Additionally, the Drives of the Month and Placements @SRGOC underline our commitment to career readiness and its reflect our ongoing commitment to excellence and success

Warm Regards,

Editorial Team

The Festival of Colours Celebrated at SRGOC

The festival of **Holi** was celebrated with great enthusiasm and joy at our institution on the occasion of the vibrant festival of colors. The celebration aimed to promote unity, happiness, and cultural values among students and faculty members. The program began with the gathering of all faculty members in the central ground . **Prof. Abhishek Shrivastava** coordinated the event Faculty members participated actively in the celebration, spreading positivity and festive spirit throughout the campus. Chair race and Antakshari were played The celebration also

provided an opportunity for faculty members to strengthen bonds of friendship and promote a sense of togethernessThe Holi celebration concluded with smiles, laughter, and a message of harmony and respect for all. It was indeed a joyful and successful event that left everyone with cherished memories. It was organized by Sanskriti Club of SRGOC under th Guidance of **Pro. Vikas Basant**. It was graced by the presence of our **Executive Officer SRGOC Shri Avinash Sharma** and our Group Director **Dr. Vinay Jain**

THE SHRIRAM NEWS BULLETIN

International Women's Day Celebration

The celebration of International Women's Day was organized with great enthusiasm and respect in the college premises to acknowledge the achievements, strength, and contributions of women in society. The event witnessed active participation from faculty members and students.

The event commenced with a formal welcome, followed by the Lamp Lighting Ceremony by **Dr. Anjali Mudgal, Principal, Law College**, the chief guest, symbolizing the dispelling of darkness and the spread of knowledge. This was followed by a soulful **Saraswati Vandana**, invoking the blessings of Goddess Saraswati for wisdom and learning. After the invocation, the guests were felicitated with sashes, mementos, frames, diaries, and a sapling as a token of appreciation and respect.

The Welcome Address was delivered by **Dr. Alka Pradhan**, who highlighted the significance of International Women's Day and emphasized the role of women in shaping

society, education, and leadership. The event was graced by the presence of **Hon. Secretary , SRGOC ,Shri Harendra Sharma Executive Officer Shri Avinash Sharma and Group Director Dr.Vinay Jain**. The audience was further inspired by the speech of the chief guest, **Dr. Anjali Mudgal, Principal, Law College**, who spoke about women's empowerment, legal awareness, and the importance of education in building a progressive society. The program was excellently coordinated by **Dr. Saloni Jain (SRCP), Prof. Mani Agarwal (Commerce & Management), and Prof. Deeksha Rajput (B. Tech)**, whose efforts ensured the smooth conduct of the event.

The Vote of thanks was proposed by **Prof. Alka Chaturvedi**, who expressed heartfelt gratitude to the respected guests, the management, faculty members, coordinators, and students for making the celebration successful and meaningful. The event was enthusiastically anchored by **Prof. Aparna Singh**

THE SHRIRAM NEWS BULLETIN

International Women's Day Celebration

Women faculty members were given inspiring Titles to add to the event . The program ended on a positive and inspiring note, reinforcing the message of empowerment, equality, and respect for women. It was organized by **Women Empowerment and Gender sensitization cell , SRGOC.**

SRCP Educational Cum Entertainment Trip for B. Pharm III rd Year Students

An educational cum entertainment trip was organized for **B.Pharm 3rd Year** students to **Indore and Ujjain**, offering a blend of academic exposure and cultural experience. During the visit, students attended a conference on *“Redefining Global Health through Ethical and Impactful AI Execution”* held in Indore, gaining valuable insights into emerging trends in healthcare and the role of artificial intelligence in global health. The trip also included visits to **Rajwada Palace and**

Chappan Dukan in Indore, allowing students to experience the city's heritage and vibrant culture. A spiritual visit to the **Mahakaleshwar Temple** in Ujjain added a meaningful dimension to the journey. **Dr. Saloni Jain, Prof. Rajveer Singh Rajput, Prof. Harish Sharma, and Mr. Aditya Yadav** accompanied the students ensuring a safe and enriching experience for all participants. Overall, the trip successfully combined learning, exploration, and recreation.

Research Paper - Prof. Ravindra Mishra and Dr. Vinay Jain

Prof. Ravindra Mishra and Dr. Vinay Jain have published a research paper on the antihypertensive effects of *Euryale ferox* seed extract in an experimental model. The study demonstrates significant blood pressure reduction and supports its potential as a natural therapeutic option for hypertension, contributing to research in pharmacology and phytotherapy.

RESEARCH PAPER

In Vivo Evaluation of the Antihypertensive Effect of Euryale ferox Salisb. Seed Extract in L-NAME-Induced Hypertensive Rats

ABSTRACT

Hypertension remains a major global health burden, associated with cardiovascular morbidity and mortality. Despite effective synthetic therapies, limitations such as side effects and poor adherence highlight the need for alternative remedies. Euryale ferox Salisb. (fox nut/mandukani) is traditionally used in Asian medicine as a cardiostatic; however, its antihypertensive effects have not been systematically validated. This study aimed to evaluate the *in vivo* antihypertensive potential of ethanolic seed extract of E. ferox in L-NAME-induced hypertensive rats. Seeds were collected, authenticated, and extracted using a Soxhlet apparatus. Hypertension was induced by oral administration of L-NAME (10 mg/kg/day, 4 weeks). Rats were divided into six groups: normal control, hypertensive control, standard (Captopril 10 mg/kg), and three test groups receiving E. ferox extract (100, 200, and 400 mg/kg). Hemodynamic parameters, biochemical markers (NO, creatinine, angiotensin II, lipid profile, renal markers, oxidative stress enzymes), and histopathology were evaluated. Extract-treated rats showed significant dose-dependent reductions in SBP and DBP ($p < 0.05$), with the 400 mg/kg dose showing effects comparable to captopril. Antioxidant markers (SOD, catalase, GSH) increased while MDA decreased, and renal lipid profiles normalized significantly. Histological analysis revealed contraction of kidney, heart, and aortic arches. Findings suggest that E. ferox exerts antihypertensive activity through nitric oxide restoration, renin-angiotensin system modulation, antioxidant action, and endorgan protection. These results support fox nut as a potential nutraceutical or adjunct therapy for hypertension.

Keywords: Euryale ferox, Hypertension, L-NAME model, Renin-angiotensin system, Oxidative stress, Phytotherapy

Introduction

Hypertension, defined as persistent systolic blood pressure ≥ 140 mmHg and/or diastolic blood pressure ≥ 90 mmHg, affects over 1.28 billion people globally and accounts for nearly 10 million annual deaths annually, primarily due to cardiovascular diseases (World Health Organization, 2022). In India, its prevalence ranges from 25–30% in urban and 10–15% in rural populations (Dey et al., 2019). The pathophysiology of hypertension involves activation of the renin-angiotensin-aldosterone system (RAAS), sympathetic nervous system overactivity, endothelial dysfunction, oxidative stress, and renal sodium

Research Paper Published by Dr. Saloni Jain

A research paper titled “Evaluation and Comparison of the Free Radical Scavenging Potential of *Adina cordifolia* and *Bacopa monnieri*” has been successfully published by Dr. Saloni Jain, Dr. Vinay Jain and Ms. Anshika Mishra. The study highlights the antioxidant potential of medicinal plants through various *in-vitro* methods, emphasizing their role as natural sources of antioxidants. The research reflects significant scientific contribution in the field of pharmacology and phytochemistry. The institution congratulated the authors for their achievement and contribution to academic research.

RESEARCH PAPER

Evaluation and Comparison of the free radical scavenging potential of *Adina cordifolia* and *Bacopa monnieri*

Abstract

Oxidative stress is a significant factor leading to the occurrence and development of a range of chronic and degenerative diseases and is due to the imbalance between reactive oxygen species (ROS) and endogenous antioxidant responses. The quality of synthetic agents has led to the increased search of natural antioxidants because of their limitations and safety issues. The research is pegged on the examination and comparison of the antioxidant (free radical scavenging) capacity of the *Adina cordifolia* and *Bacopa monnieri* by conducting *in vitro* tests. *A. cordifolia* bark methanolic extract and *B. monnieri* whole plant methanolic extract were screened phytochemically, assessed total phenolic content (TPC), total flavonoid content (TFC), 2, 2-diphenyl-1-picrylhydrazyl (DPPH) and ferric reducing antioxidant power (FRAP). These findings showed that the two plants have strong antioxidant properties with *A. cordifolia* having a marginally higher free radical scavenging capability and higher phenolic content with *B. monnieri* having a high level of activity correlating with its flavonoid and tannin profile. These data give scientific confirmation on their use as traditional and promote their evolution as natural antioxidant sources. Future research must involve *in vivo* and clinical research to establish efficacy of therapy.

Keywords: *Adina cordifolia*, *Bacopa monnieri*, antioxidant, free radical scavenging, DPPH, FRAP, total phenolic content, total flavonoid content.

How to cite this article: Mishra A, Jain V, Jain S. Evaluation and Comparison of the free radical scavenging potential of *Adina cordifolia* and *Bacopa monnieri*. Int J Drug Deliv Technol. 2026;16(6): 976-985. DOI: 10.25258/ijdt.16.06.22

1.Introduction: Reactive oxygen species (ROS) including superoxide anions, hydroxyl radicals and hydrogen peroxide. The latter are natural metabolic by-products. They also have significant roles in the cell signaling and homeostasis under normal physiological conditions. Nevertheless, the build-up of ROS may cause oxidative stress (excess free radicals, proteins, and DNA damage). It has been implicated in a broad spectrum of pathological conditions which include cardiovascular disorders, diabetes, neurodegenerative diseases, cancer and aging. [5,18,25]

Synthetic antioxidants, butylated hydroxytoluene (BHT), and butylated hydroxyanisole (BHA) are extensively used but their safety has been doubted because there are reports of possible carcinogenicity. Therefore, plant-derived natural antioxidants are receiving increased interest due to their safety, biocompatibility and multifunctional characteristics including anti-inflammatory and immunomodulatory. [8,17,20]

Adina cordifolia (Roxb.) Buch. Hood f. ex Rendle is a deciduous tree of family Rubiaceae, which is used traditionally in Ayurveda as an anti-inflammatory agent, hepatoprotective and wound-healing agent. It contains abundant flavonoid and phenolic compounds in its bark and leaves, and this is believed to add to its antioxidant property. [1,2,18,21,25]

THE SHRIRAM NEWS BULLETIN

Publication

Dr. Pankaj Sharma has published two noteworthy research papers in the *Journal of Biomaterials Science, Polymer Edition*. The first paper, *“Oxidative-stress-responsive polymeric nanocarriers for Alzheimer's disease,”* discusses advanced antioxidant-based strategies using NAC and curcumin for improved treatment approaches.

“Nanotoxicology meets smart polymers,” focuses on the development of safer, design-oriented nanomaterials by integrating nanotoxicology with smart polymer systems.

These publications highlight his valuable contributions to the fields of nanotechnology, biomaterials, and innovative drug delivery systems, advancing research in modern healthcare

ACCOMPLISHMENT OF DR. VINAY JAIN

- Heartiest congratulations to **Dr. Vinay Jain**, Group Director cum Principal, for his distinguished participation at the **SPARKES World Health Congress 2026** held in Indore.
- He served as a **Chairperson** at the prestigious event and was honored with the **Award for Scientific Chairperson** in recognition of his valuable contributions to the field.
- In addition, he actively participated in a **panel discussion** on *“Redefining Global Health through Ethical and Impactful AI Execution,”* sharing insights on the role of ethical AI in transforming global healthcare systems.

This achievement highlights his commitment to academic leadership, innovation, and advancing global health initiatives.

Training on Occupational Health & Safety at Sanchi Dairy

ShriRam College of Pharmacy, Banmore organized a **Demonstration-cum-Training Programme on Occupational Health & Safety, First Aid, and CPR** at Sanchi Dairy Plant, in collaboration with Gwalior Sahakari Dugdh Sangh Maryadit on **10th march 2026**. The session, conducted by **Prof. Feran Singh** and **Prof. Dharmendra Dayal**, trained **38 employees** on workplace safety, **First Aid, and CPR techniques**. Participants gained practical knowledge to handle emergencies such as injuries, burns, and cardiac situations. The program enhanced safety awareness and strengthened industry-academia collaboration, with **Sanchi Dairy** authorities appreciating the initiative.

M.Pharm Final Thesis Viva Successfully Conducted

ShriRam College of Pharmacy, Banmore successfully conducted the **M. Pharm Final Thesis Viva Voce** for postgraduate students of **Mr. Shivam Tiwari**, under the guidance of **Dr. Naveen Kumar Tripathi**, and **Mr. Himanshu Raj**, guided by **Dr. Pankaj Sharma**, presented their research work before the evaluation panel. The institute appreciated the efforts of the students and their guides, marking the event as an important milestone in their academic journey.

DR. VINAY JAIN CONFERRED AS A JOURNAL REVIEWER

Dr. Vinay Jain has been awarded a Certificate of Reviewing by the *Journal of Ayurveda and Integrative Medicine (Elsevier)* in March 2026. This recognition was conferred in appreciation of his valuable contribution as a reviewer, highlighting his expertise and commitment to maintaining high standards in scientific research and publication. This reflects his continued dedication to academic excellence and scholarly contribution in the field of healthcare and integrative medicine.

Achievement by SRCP Student at World Health Congress-2026

Ms. Khushboo Gaur, a student of IIIrd Year showcased her academic excellence at the prestigious **World Health Congress-2026 (WHC-2026)**, held on **14 March 2026 at Anand Mohan Mathur Auditorium, Indore**. She successfully presented a research poster titled **“CardioSense Aura: AI-Powered Cholesterol Risk Detection,”** highlighting the application of artificial intelligence in cardiovascular health. The event, organized by **SPARKES India with WHO India** as a knowledge partner, witnessed participation from leading academicians, researchers, and healthcare professionals. This accomplishment marks a significant milestone for SRCP and reflects the institute's commitment to encouraging innovation, research, and global exposure among students. ShriRam College of Pharmacy (SRCP) proudly Congratulates her for the same.

JUST A MINUTE SESSION

A **JAM** session was organised for the students of **CSE III year** students . Topics like **Discipline, Traffic in Gwalior , College life, Time flies , Impact of social Networking, Importance of communication, My favourite colour** wherein the students expressed their views with promptness and confidence and authenticated their words with anecdotes, data and quotes.

GROUP DISCUSSION

A group discussion session was organized with the objective of enhancing students' communication skills, critical thinking, and confidence. Such sessions provide a platform for participants to express their ideas, listen to diverse perspectives, and develop interpersonal skills. The students of B.Tech III year participated enthusiastically **Blue is better than red** and **Artificial intelligence is a boon or bane** It was coordinated by **Prof.Alka Chaturvedi**

The session proved to be highly interactive and beneficial. Students were able to: Enhance their speaking and listening skills , Gain new insights from peers, Overcome stage fear , ,Improve their confidence level.It was coordinated by **Prof.Alka Chaturvedi**

Publication

Prof Sheo Kumar , CSE Department has published his research paper titled **“Predicting Drug-Target Interactions and Binding Affinity using an Optimized Deep Learning Approach,”** which has been published in the **Journal of Computer-Aided Molecular Design, Springer (SCIE Indexed, Impact Factor: 3.1).**

Another feather in our Cap

Congratulations to

Ms Divya Yadav,
AIDSE Final Year for Clearing her
Gate Exam 2026

Not all victories make noise—some are built silently with late nights, resilience, and unwavering focus. Heartiest congratulations to Ms. Divya Yadav for conquering the GATE Exam. This achievement is not just a milestone, but a reflection of your determination and strength of purpose. May this success open doors to even greater opportunities and inspire many more to follow your path. Keep rising, keep shining!

Training Session: Professional Body Language

A session on “Professional Body Language” was conducted by Prof. Aamir Zaidi, aimed at enhancing the interpersonal and professional skills of students. The session was effectively coordinated by Prof. Pranjal Shrivastava. The objective of the session was to make students aware of the importance of non-verbal communication in personal and professional settings. Prof. Zaidi elaborated on various aspects of body language such as posture, gestures, facial expressions, eye contact, and overall presentation. He emphasized how positive body language can create a strong first impression and improve confidence during interviews, group discussions, and workplace interactions. The session was highly interactive, with practical demonstrations and real-life examples that helped students understand the impact of their physical expressions and movements. Students actively participated and gained valuable insights into improving their communication and personality. The program concluded with an engaging Q&A session, where students clarified their doubts and received expert guidance. Overall, the session proved to be informative, insightful, and beneficial in preparing students for professional environments.

MANAGEMENT WEEKEND

The **Management Weekend 2026** was organized by the Department of Management to enhance students' managerial, leadership, and communication skills. The event aimed to provide a platform for students to showcase their creativity, teamwork, and decision-making abilities through various competitions and activities.

Event 1: Ad-Mad Show

As part of the Management Week celebrations, an exciting and creative event called the Ad-Mad Show was organized on 13 March 2026 to encourage students to showcase their marketing, advertising, and presentation skills. The event aimed to develop creativity, teamwork, and innovative thinking among participants through advertising and product promotion activities.

The event was conducted in two rounds. In the first round, "**Design and Sale,**" participants created advertisements and presented sales pitches for assigned products. In the second round, "**Trailblazer,**" teams demonstrated innovative marketing strategies and spontaneous thinking through creative presentations.: 24 Participants eagerly took part . The event was coordinated by **Dr. Urvashi Garud** Co-Coordinated by **Prof. Alkendra Singh**

Event 6: Talent Show

The **Talent Show** was organized on 14th March 2026 as a key attraction of the Management Weekend, aiming to provide a dynamic platform for students from various colleges in the region to showcase their diverse talents. The event witnessed enthusiastic participation in categories such as **dance, singing, drama, and other creative performances**. It was conducted in a well-structured manner, starting with registrations, followed by auditions/shortlisting (if applicable), and final stage performances evaluated by a panel of judges. The event was managed efficiently with proper coordination, time management, and audience engagement activities. Participants displayed remarkable creativity, confidence, and competitive spirit throughout the program. The event resulted in significant learning outcomes, including enhanced self-confidence, improved communication and presentation skills, and better stage presence among students. It also promoted teamwork, creativity, and inter-college networking, while providing practical exposure to event management and organizational skills for the student coordinators. 23 Participants eagerly participated. The Coordinator was **Prof. Varun Yadav** and Co-Coordinator: **Prof. Sandeep Bhadoria**

NCC at a Glance – Our Cadets Speak

SUO – ANKIT KUSHWAH MP2022SDA230649 B.PHARMA 4TH YEAR I had the opportunity to attend an Army Attachment Camp with 29 JAK RIF under the National Cadet Corps (NCC), where I gained valuable experience of military training and discipline. I also represented my college in RDC and progressed up to the Launching Camp level, showcasing my dedication and performance. Furthermore, during the CATC Camp, I was appointed as the Overall Battalion Senior, which reflects my leadership qualities, responsibility, and the trust placed in me

UO – SHIKHA RATHORE MP2022SWA230696 MBA 1ST YEAR I had the opportunity to attend an Army Attachment Camp under the National Cadet Corps (NCC), where I gained firsthand experience of military life, discipline, and training. During this camp, I was honored to be appointed as the Overall Senior from the Gwalior Group, which reflects my leadership qualities and responsibility.

Additionally, I achieved an Alpha Grade, being among the top performers from my college, which highlights my dedication, hard work, and excellence in all activities.

UO – ADITYA KOURAV MP2022SDA230669 MBA 1ST YEAR I had the opportunity to participate in a **rock climbing camp** organized in Gwalior under the National Cadet Corps (NCC). This camp was a thrilling and challenging experience where I learned essential climbing techniques, balance, and safety measures. It helped me build physical strength, mental toughness, and the confidence to overcome fear and take on difficult situations. The experience also enhanced my teamwork, coordination, and adventurous spirit, making it a memorable part of my NCC journey.

UO – ALFAZ KHAN MP2022SDA230678 B. PHARM IVYEAR I had the opportunity to attend the **Ek Bharat Shreshtha Bharat (EBSB)** Camp organized under the National Cadet Corps (NCC) in Ahmedabad. This camp provided me with a valuable experience of cultural exchange, where I learned about the traditions, language, and lifestyle of different states. It helped me develop a deeper understanding of national integration, teamwork, and unity in diversity. Participating in this camp also enhanced my communication skills, confidence, and overall personality.
