Webinar on "Personality Development, Preparing CV and Facing Group discussion & Personal Interview" Will be organised by MBA department. The speaker of this webinar will be Mr. Deepak Singhal from Career Moulders Gwalior, M.P.

It is an effort by the Group to expose the students to a wide spectrum platform through which students can get a chance to enhance their English and hone their Communication skills.

Breaking News

Official Partnership with AIESEC

The Institution takes pride in announcing that it is now an official partner with AIESEC which is an

International youth run non-governmental and non profitable organization entirely run by youth for youth which provides young people with leadership development, cross-cultural internship and global volunteer exchange experiences. Definitely the best value of this program is the opportunity to meet amazing people that provide guidance, growth and enable students to see things from different perspectives. AIESEC organized an online introductory awareness seminar on 9 April 2021 for SRGOC students only.

Highlights !!

Celebrating Diversities

"We are more alike than different. We Are One."

A Live session on 13 April 2021 was conducted through online mode in which young motivational speakers from different cultural heritage came under one umbrella of SRGOC and enlightened

attendees on the multifarious ways in which Indian New Year is celebrated in their locality. The Management too graced the occasion by their presence and extended their warm welcome to all and wished everyone a very Happy Cultural Diversity.

Prominent speaker of the event were Ms. Priyanka Goswami a clinical Analyst and a Bengali who wished everyone Shubho Nabo Barsho 2021 and shared history of Pohela Boishakh or Bengali New Year. She was then followed by Ms. Violina Kalita belonging to Assam & a Clinical Analyst in Novartis who educated everyone on how the different Bihu's are celebrated in Assam and how Bihu is one of the enthralling factor that unites the different communities of Assam. Ms. Anusha an interior designer by profession then shared the information about ugadi 'new year and how they begin their new year by eating pachdi dish which is bringing of all flavors in one dish. Prof. Anand Jawdekar from SRIIT shed light on the relevance of Gudipadwa.

Students from different streams shared their views on different festivals like Poila Boishakh, NAVRE, Vishu, Puthandu Vazthukal, Baisakhi, Sajibu Nongma Panba.

Vibhu Pathak, student of BBA 1ST year summed up her thoughts in beautiful words "Regardless of different religion and ideologies; every festival is an Indian festival". This event was coordinated and managed by Prof. Rohit Batra (Training Manager, SRGOC). The event moderator Prof. Neha Chopra bounded everyone miraculously for an hour. It was like a wide panorama of cultural tableau ranging from one of the Seven Sisters to the city of Bharatanatyam, a sort of a visual feast to the mind.

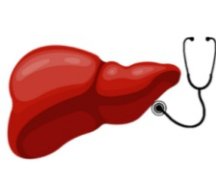

IMPORTANT DAYS CELEBRATIONS

World Health Day

Ambedkar Jayanti

World Liver Day

Mahavir Jayanti

World Heritage Day

REMEMBER THIS moment.
cherish THIS STORY.
CELEBRATE THIS life.

The Institution on the occasion of World Health day, Ambedkar Jayanti, World Liver day, Mahavir Jayanti and World Heritage day shared such important and crucial messages by the means of social media.

18 Years+ get vaccinated from May 1

As India witnesses a sudden surge in corona virus cases, the Centre has decided to allow everyone above 18 years of age to get vaccinated from May 1. Registration for vaccination for all those aged above 18 will begin on the COWIN platform and Aarogya Setu App from April 28. The inoculation process

and documents to be provided to get the job remains the same. The Institution endeavored to spread awareness about this governmental effort by means of online platform.

“Achievers Never Expose Themselves, But Their Achievements Expose Them.”

Students' Corner

Awareness spread by students

■ April 22,2021 Students also took an oath to protect mother earth by planting more trees and by stopping littering.

■ A number of students from MBA sent their plea to the public via poster to wear mask, maintain social distancing and to implement all the safety measures required to protect from this prevalent disease of corona virus. They appealed to the people that by staying at home we can be triumphant over this pandemic.

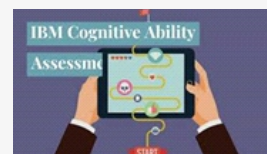

■ Vocab Box-

Word of the month **Macabre** (adjective)
Meaning- disturbing because concerned with or causing a fear of death
Usage- A macabre series of covid deaths gripped the city.

■ April month saw the inception of classes on C & C++ in SRIIT. This is an Initiative to teach C and C++ from the grass root level which will help students to master these languages. This will in the long term assist them to confidently face the Interview.

The students of Computer Science of SRIIT belonging to First year enrolled themselves with Technical training program NPTEL. It is an “Online Training Certification Program” (SWAYAM) by Government of India and comes under the Ministry of Education. This program will help them to Learn about new Technology and also develop their professional skills.

Students of SRIIT from Computer Science registered themselves with “IBM Cognitive Ability Assessment”. IBM cognitive is an international youth-led, non-governmental, non-profit organization that connects young people with technical advancement, internships, and global volunteer exchange opportunities. IBM Cognitive Ability is a type of test that aims at measuring a student's intellect through games. Also termed as 'Cognify', these games are structured in a way that evaluates student's personality and

Classroom Cronicals

Hanuman Jayanti

लक्ष्मण मूर्द्धित पड़े सकारो आनि संजीवन प्राण उबारो॥

According to Hindu mythology, Shri Hanuman is immortal. He still exists at the places where chanting of name of lord Ram is done. With this in mind, Sanjay Shrivastava, a student of B. Pharm, 1st year

prayed in the name of lord Ram to Shri Hanuman. He prayed shri Hanuman to save entire mankind by solving the oxygen crisis.

Same message was conveyed by Hamid Beg, a student of B. Pharm, 1st year.

Awareness video on COVID-19

Megha Gupta, SRCP Final Year student, produced an awareness video on COVID-19 "Challenging Year 2020" encouraging everyone to

follow social distancing and to wear masks properly.

<https://youtu.be/6dDIj04Q8UY>

"Each one should teach one"

- Megha Gupta, B. Pharm, Final Year

Megha Gupta, a student of B.Pharm final year has undertaken the task of motivating and teaching the students and local residents living in proximity of college campus. She, along with her team (pharma innovators: the pharma club) has been a part of several social drives

urging people to wear mask, follow social distancing and use sanitizer. She has also published videos on social media for the same. She has also arranged classes on basic chemistry and concepts so that students can have a better time learning in college. Megha wishes to become production manager one day.

"It might seems to be lucrative business to others but for me it is worship."

-Ayush Yadav, 1st year, B. Pharm student.

Millions of people ,on the face of the earth, are suffering either due to unavailability of proper medicines or due to shortage of medicines. Medicine is one of the essential commodities. Safe and effective medicines should be easily and economically available to everyone in need. "Public health is one of the key

government responsibilities. Government should take all the possible steps to standardize pharmacy practice and person found guilty or contravening the provisions of drug and cosmetic act and rules and pharmacy practice rules should be punished strictly", added Yadav.

Ayush is additionally working on soft skills and wish to become Manager in drug safety one day.

Professor's Column

We must be aware of cyber-frauds

"जल्दी कीजिये पर जल्दबाजी नहीं"

-Prof. Anand Javadekar, Head CSE, SRIIT

With the advent of new technologies, new ways of doing frauds are also trending. In this social structure; there exists some people who want to get rich with short cuts. They develop fishing and push links. A person who is not aware of

such methods of fraud gets trapped in it and in a matter of seconds, his/her bank account gets empty.

People must be updated with the security layers and the do(s) and don't(s) of using new technologies and apps.

After all money saved (and the one saved from fraud) is also money earned.

Changes this month:

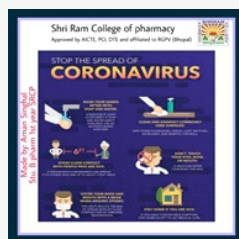

All the classes were changed from offline to online mode amid increasing cases of CoVID-19.

Sum up:

■ This month was dedicated to celebration of unity in diversity of Indian subcontinent. Speakers of different states participated and told the ways in which Indian new year is celebrated in their locality.

■ People were also encouraged to participate in Tika Utsava (vaccination drive) via social media posts.

■ Several students from pharmacy field: Nitin

Tripathi, Pinky Singh, Aman Singhal, Hamid Beg and Sanjay Shrivastava (to name a few) designed posters and appealed public to wear mask, use sanitizers and to exercise all the precautions to protect from corona virus disease (CoVID-19)

■ Students also took an oath to protect mother earth by planting more trees and by stopping littering.
