IMPORTANT DAYS CELEBRATIONS

The Institutions on the occasion of Hiroshima Day, Quit India Movement Day, World Elephant Day, International Youth Day, and Independence Day shared important messages by the means of social media.

Independence Day

Hold your head high: let the world know you are proud to be an Indian

15 August which is celebrated as Independence Day, this year has a special significance as it marks the beginning of the 75th year of India's independence for which 'Azadi Ka Amrit Mahotsav' is being celebrated.

Like last year, this year too, the scale of Independence Day celebration has been reduced due to pandemic as students could not participate in it with the same zest of preceding years, yet the occasion was celebrated with great vigor by the entire Management and staff. The celebration commenced with the unfurling of our National Flag by Honorable Secretary, Shri Harendra Sharma followed by National Anthem. Taking the occasion forward there were speeches by dignitaries and view sharing by faculty members. Heart of each member of the Institute was filled with enthusiasm. SRGOC wishes Hearty congratulations to you all on this momentous occasion.

Proud of You All Olympic Winners

In the recently concluded Tokyo Olympics 2020, Indian sportspersons have brought laurels to the nation with their stellar performances. India has won the highest number of medals in the 121 years of its participation in the Olympics. In a proud moment for India and the Armed forces, Neeraj Chopra, a serving soldier of the Indian Army, scripted history by winning the nation's first-ever Olympic Gold medal with his men's javelin throw on August 7, 2021. A Subedar from the fourth battalion of the Rajputana rifle, Chopra was trained by the Mission Olympics Wing and the Army Sports Institute in Pune. PV Sindhu won her second Olympic medal while the men's hockey team won an Olympic medal after 41 years. Weightlifter Mirabai Chanu opened India's medal account at the Tokyo 2020 Olympics with silver medal in the women's 49kgs. On her Games debut, Lovlina Borgohain won a bronze medal at Tokyo 2020 in the women's 69kg. Badminton queen PV Sindhu became the first Indian woman and only the second Indian athlete - after Sushil Kumar - to win two individual

Olympic medals. Ravi Kumar Dahiya who is another Olympic debutant won Silver medal in men's 57kg freestyle wrestling. After a 41-year wait, the Indian men's hockey team finally has an Olympic medal since the gold at the 1980 Moscow Olympics. Wrestler Bajrang Punia became the third Indian debutant to win a medal at Tokyo 2020. India registered its best ever performance at the Olympic Games as they won seven medals, including the gold medal for the first time in 13 years. Shri Ram Group of Colleges which is built in a lush green arena too facilitates indoor and outdoor games to its students who are also guided by trained sports coach. It also provides multifarious opportunities to young aspirants in the field of sports so that they have exposure at inter-college and National level too, so that they can be sculpted into future Olympics participants.

Students' Corner

"Best Time To Seek New Opportunities Through Digital World"

ANKUR AGRAWAL, MBA

In this unprecedented time, where every single human being is suffering a lot due to this pandemic and not even able to generate livelihood though incomes sources, as due to restrictions traditional ways of doing business is too tough, Here getting yourself into digital world can convert disaster into opportunities, here in this situation stop yourself worrying and calmly implement your business ideas and business online and reach the world with your product or services and generate revenues easily though rendering your best through digital platform. Running an online business definitely has its appeal and is the need of time but it also comes with its own set of challenges. The truth is, starting a business of any kind requires persistent efforts. Online is a powerful tool that lets you reach anyone from anywhere in the world. But creating a business with it is still about connecting the right customers with the right offering and at right time. So let's not think about odds, just jump into the sea of opportunities in digital world. Countless people have already made the leap into entrepreneurship. And with the right ideas and plenty of sweat equity, we all can do. Have a spirit of 'yes I Can' and 'definitely I will'. And be ready to see the magic.

"INDIAN HOCKEY WIZARD"

Makhan Singh (B. Tech CSE II year, SRIIT)

Major Dhyanchand was an Indian field hockey player widely regarded as one of the greatest in the History of the sport in addition to bagging three Olympic gold medals in 1928, 1932 and 1936, he is also known as the wizard of the Hockey for his superb control of the ball. He was known for his extraordinary goal-scoring feats, He scored 570 goals in 185 matches according to his autobiography." Hockey authorities in Holland once broke Dhyanchand's hockey stick as they wanted to check if there was a magnet inside but their effort went in vain. His birthday, 29 August is celebrated as National Sports Day in India every year. India's highest sporting honor Major Dhyanchand Khel Ratna Award is named after him.

This will help them in their external internships as well. The interns have been given target to call and coordinate placement activities with at least 3 companies. The interns will receive Letter of Appreciation and Letter of Completion after successful conclusion of targets

Professor's Column

"A new beginning with BUSINESS ANALYTICS"

Dr. Meenakshi Maheshwari,
Associate Professor MBA, SRIIT

SRIIT is offering a new branch in MBA i.e., Business Analytics. It is a two years master program offering the skills, technologies and practices for continuous iterative exploration & investigation of past business performance to gain insight and drive business planning. Growing Industrial demand, MBA in Business Analytics is becoming one of the most preferred specialized MBA courses in India. Business Analytics is being used in practically every industry, particularly Banking and financial services, E-Commerce & retailing. It is a booming field right now and there is heavy demand for analytics professionals. The increasing demand has made the Business Analytics a relatively new and popular specialization in management domain.

Awarded Ph. D in Convocation

Dr. Pankaj Sharma, HOD, Department of Pharmaceutics, has been awarded Ph. D certificate in convocation ceremony by Chancellor of Jiwaji University. Dr. Sharma has been working with SRCPL since 2018 and has published several papers in journals of national and international repute. He has received prestigious award and has also been awarded patent by government of India.
