Basant Panchami Celebration

Basant Panchami was celebrated on 16 Feb 2021 by SRGOC with devotion and enthusiasm. This day marks the onset of spring. Goddess Saraswati, the Goddess of knowledge was invoked through Aarti and her blessings were sought for success. Worshippers believe that without Saraswati the world would be shrouded in ignorance, as she is the one who represents enlightenment. Hence, Saraswati is worshipped on this day along with celebrating the agricultural fields' ripening with yellow flowers of the mustard crop. Basant Panchami is the time when people start giving the first lessons on education to their children. This custom is referred to as Vidyaarambam and also known as Aksharabhyasam

“Open Campus Placement Drive of VINOVE”

SRGOC organized an open campus placement drive on 16 Feb 2021 of Vinove. As a client centered and quality conscious IT company, it offers a wide spectrum of web services and solutions to help clients meeting their business needs on time and within cost-effective parameters.

The company's expertise and hand-picked competent brains and the in-depth understanding of clients and enterprise enable them to provide business-oriented services. Here students from different renowned colleges participated in online open campus and got an opportunity to build up their career in a client based progressive company which provide business-oriented.

Introduction & Farewell Party- Aagaz & Alvida

The Department of Management on 27 Feb 2021, organized a beautiful amalgamation of Introduction & Farewell Party for the students of MBA in Hotel Vivanta. It was followed by a series of multifarious activities inclusive of solo dance, group dance and Ramp walk. The tradition was followed by transferring of Sash and crown from last year Ms Fresher to the new comer of this year Ms. Shivani Sharma. Mr. Ankur Agarwal of first year received the sash of Mr. Fresher. Ms. Sonam Madhuriya was presented with the sash of Ms. Farewell and Mr. Souman Roy with that of Mr. Farewell. Juniors expressed their gratitude to their seniors by offering them gifts and honored them with beautiful goodbye quotes for the humility of their seniors.

Invite Talk : Date : 16th January 2021 | Time : 10:30 am onwards

SRGOC arranged for a guest lecture on 16 January 2021 "Engineering degree as career launching pad" by an eminent Speaker Mr. Dilip Pandya a Senior Professional @ DXC Technology, USA. His guidance served as a path maker which if followed entirely will definitely prove as a

beacon light on the road to success in the life of the students.

Guest Lectures

Shri Ram Group of Colleges organized on January 12, 2021 a Guest Lecture on "SWAMI VIVEKANAND AND YOUTH" by Shri Anil Sarode Founder of Vivekanand Nidam, Gwalior. The session aimed at channelizing the energy of

the youth in the proper direction and making them follow the imprint left by Swami Vivekanand through his philosophy as a physically and mentally strong youth is the requirement of every nation.

Musical Evening By Energetic And Electrifying Students

A musical evening was organised in SRIIT for welcoming students in college. Performances were given by singers, guitarists and pianist. Whole crowd was stunned by such performances. Later on ,students also joined them and sang songs. Whole campus was full of echo "Once more, once more!"

Highlights !!

Industrial Visit : Nova Factory

Our vision is to "Endeavour to serve the society and enhance excellence." (Nova Dairy Products)

To augment student's skills and to provide industrial exposure, an Industrial visit was organized by the MBA department on March 6, at Nova Dairy Products Sterling Agro Industries Limited, Malanpur for MBA students. It is a leading manufacturer of milk products (Ghee, butter, flavored milk, curd and milk whitener). Mr. Amit Singh, Marketing Head, had interaction with the students about the overall manufacturing process and the technology they are using to manufacture their products. The students were taken to the assembly line and they were shown the manufacturing and packaging of various products. The technology used in this processing and overall packing has also been discussed with the students. The Quality Standards are properly followed during the manufacturing process. At last, Mr. Amit Singh handled the various queries of the students in a very effective manner. The staff of the plant was very co-operative and the visit to the plant was very knowledgeable and resourceful especially for the students.

“Education is what remains after one has forgotten what one has learned in school.”

Health Awareness Drive

A health awareness drive was organised by community centre, ShriRam College of Pharmacy, Banmore in first week of MAR-2021. volunteers appraised local residents of Banmore village about importance of physical distancing , use of face mask and frequent sanitisation of hands amid COVID-19 pandemic. Community centre also distributed masks in public interest.

Fireless Cooking Competition

“Real cooking is more about following your heart than following recipes.”

SRIPS organized a fireless cooking competition on 6 March 2021 in the college premises. Students from various programs running in the group participated in it with great fervor and enthusiasm putting their creativity to best in the presentation of their dishes which ranged from Bhel, chips chat, sandwiches, salad and sweets. The judges also had a tough time in finalizing the winner of the competition as each student put his heart in the presentation of his recipe. The show stealers of the day were awarded with certificate and a master chef cap by the guests.

Highlights !!

International Women's Day Celebration

“No Matter Even If It Takes A While, You Handle Every Responsibility with A smile!”

SRGOC celebrated International Women's Day on March 08, 2021 which is dedicated to acknowledge women's achievements and push for equality all across the world. The program commenced with a warm welcome of guests and Management by sapling presentation. Dr. Benu Dubey who is an ophthalmologist guided that while playing different roles in her family and duties at her work place, a woman she should not ignore her health at all cost. She asked them to follow a healthy life style and take care of their physical and mental health.

Our young, dynamic and charismatic Executive member Mrs. Shivangi Sharma asked everyone who was present there to pledge along with her that I choose to challenge inequality and gender bias. It was followed by a series of programs consisting of poem recitation, song and dance. It was followed by an online webinar on Financial Independence of Women by a young and progressive speaker Mrs. Mohini Patwa an entrepreneur who is marketing her own skincare products and is also a certified trainer of skincare cosmetics. While the day itself carries the theme of equality and female empowerment, it was acknowledged by Management by distributing a Certificate of Appreciation for the valuable contribution of female faculty and staff in their related field. Prof. Megha Jain, the moderator of the program conveyed her vote of thanks to all. The program ended with sapling plantation within the premises of the college.

National Science Day

‘Future of Science and Technology and Innovation: Impact on Education Skills and Work’

National Science Day was celebrated by SRGOC on 28th of February to commemorate the discovery of the 'Raman Effect' discovered by Physicist CV Raman. Mr. Pradeep Joshi who is working as an RSM in Samarth Life Science, graced this occasion with his valuable presence. A science exhibition was held wherein students showcased static and working models. The working Models prepared by students showcased their creativity, knowledge and their interest relating to the subject. Students presented their static models, working models, charts and posters to present their topics. The faculty related to this field took the initiative of encouraging the students to put up such a wonderful and enlightening exhibition. The judges appreciated the students. They asked students about the scientific concepts forming the foundation of the models. Students had prepared models like circulatory system, biogas plant and so on. Mr. Joshi had an interactive round with the students answering all their queries. Mr. Avinash Sharma, Executive Officer, SRGOC addressed the students and encouraged them to develop a scientific fervor and an attitude of research mindedness so that they develop the qualities of analytical and critical thinking.

Highlights !!

World Consumer Day

The MBA department of SRIIT celebrated World Consumer Rights Day on March 15, 2021 to spread awareness regarding consumer rights. MBA students shared their insight into this by giving presentation on the theme of 'Tackling Plastic Pollution'. This was done with

the view to raise awareness and engage consumers globally to adopt and promote more sustainable practices.

Ordinance Factory Day

The Ordnance Factories Day was celebrated on 18th March by the MBA department of the group. This was celebrated to mark the occasion of the first production. Students actively participated in presentation. The Day is regarded as an event to confirm the dedication of the Ordnance Board to the nation, by means of ensuring high-quality products for the armed forces of India.

Classroom Chronicles

Plantation By Diploma of Pharmacy Students

प्रकृतिः रक्षति रक्षितः "Nature protects, if she is protected."

This statement was the contemplation in the mind of students when the plantation was undertaken by them. Global warming and climate change undoubtedly is an alarming challenge to existence of flora and fauna which needs immediate addressal. Students

tried addressing this challenging with this step.

Pharma Innovators: The Pharma Club

Perfect democracy is the one in which subjects are active participants in decision making. ShriRam College of Pharmacy promotes this concept by enabling active students to play their part in apprising and motivating students/local residents in public interest. This clubs also organises workshops on basic concepts for the students who find scaling up difficult.

Stress is the biggest challenge to good health. To overcome this challenge, Ayush Yadav, 1st year, B.Pharm student made a video for meditation. A majority benefitted from it. Ayush also made a video on toxic effect of smoking on human body. Everyone took an oath not to smoke after the video ended.

A video was recorded and published by Ms. Megha Gupta, 4th year B. Pharm student about the challenges faced in 2020 and challenges ahead in 2021 amid COVID-19 pandemic.

This club publishes all the videos on a channel named Pharma-innovators.

Change in regulations:

1. Entire campus was declared Tobacco Free Zone. No spitting, chewing and smoking is allowed.
2. Use of hand sanitizers and wearing of face mask was made obligatory.
3. Periodic sanitization of classrooms and campus was done in order to prevent spread of novel corona virus.

We can understand it but we find difficult to speak it

Some students migrate into technical education from Hindi medium and finds transition very challenging. This challenge was taken care of by. Dr. Vinay Jain, Principal, SRCP and Prof. Rohit Batra, Training Manager who launched a series titled "Let's Speak English" This training series has helped students a lot in speaking English language.

Students' Corner

VIBHU PATHAK

“किसी वीर की शौर्य गाथा न होती
अगर उसको जनने वाली एक माँ न होती”

The importance of women in today's society was told in the form of poetry by Vibhu Pathak, 1st year BBA student from SRIPS, Banmore. As she recited the poem, she challenged the hypocrisy and double standards of society towards women.

“Men and Women both are equally contributing to society. Entire mankind and social structure exists because of existence of women” added Pathak.

Vibhu is additionally working on her social, interpersonal and administrative skills and wishes to join Indian Administrative Services.

KULDEEP GAUR:

A student of B.Pharm 2nd year from SRCP, Banmore published a channel on *YouTube* named: *Free Pharmacy Gyan*. It has 2000+ subscribers and is dedicated to explain adverse effects and other information that may arise on clinical use of medicinal agents.

Arvind Rawat

A student of B.Pharm, 4th Year has qualified GPAT 2021

Congratulations

HARSHA SOLANKI

A student of B. Pharm, 1st year urged students and faculty members to abstain from tobacco and intoxicating agents. She delivered a power point presentation for the aforesaid purpose. “You become a liability to the society and a burden on

the social structure when you consume alcohol” added Solanki. Harsha likes pharmaceuticals. She is additionally working on her soft-skills and she wishes to become production manager one day.

Professor's Column

“We have to be progressive and cautious both”
said Vikas Basant, Assistant Professor, SRCP.

Undoubtedly, virus mutates very fast and it is often observed that a virulent strain comes into existence. Today, we are witnessing a more virulent novel strain of CoVID-19 virus so we need to be more cautious than we used to be during first wave of COVID-19 virus. Rightly said that “prevention is better than cure and due diligence is better than regret”. Physical distance must be maintained and use of sanitizers should be ensured. Mask should be worn by people and those who are eligible for vaccination must get vaccinated.

RESEARCH!

A research paper titled “Fabrication, optimization and evaluation of chronotropic drug delivery system of captopril” was published in International Journal of Pharmaceutical Sciences and Research by Dr. Pankaj Sharma (HOD, Pharmaceutics), Dr. Vinay Jain (Principal, SRCP) and Prof. Saloni Jain (department of Pharmacology).

Sum up:

March month was dedicated to women and society welfare. Plantation was done twice to ensure that mother nature should also be cared after all she protects the one who protects her. Campus was also declared tobacco free. Students played their part in motivating public and local residents. Everyone took an oath to be the part of change and abstain from intoxication and smoking. Expedients steps were taken to prevent spread of novel corona virus and even local residents were motivated to be the part of this movement. Periodic sanitization was done to ensure that guidelines of government on COVID-19 are abided by.
