**Highlights**

**Orientation of 1st year, B. Pharm completed:**

As the freshman arrived in the department of pharmacy, a lot of concerns were expressed by them about the education delivery, practical, trainings, internships and last but not the least the job opportunities which will be available to them after completion of 4 years degree course. To resolve all these concerns, a series of orientation lectures were arranged by the teachers and experts of pharmacy department. The orientation lasted 7 days and these lectures enabled students to set expectations and get an idea regarding the magnitude as well the direction in which the hard work has to be done so as to become employable and in order to achieve high package.

## Orientation program of 1st year, BBA ,BSC ,BCom ,BA

The orientation program for the newly admitted undergraduate students of BBA, B.Com., BSc(biotechnology), BSc (Math) and BA was organized on 27th October 2021. Students were formally welcomed and introduced to the culture of the college. The orientation began with a brief inaugural ceremony at SRIPS campus. The dignitaries present on the occasion were Dr. Vinay Jain (Principal, SRCP), DR. Pawan Agarwal (Director, SRIIT), DR. Abhishek Jain (Director, T&P) and DR. Anjali Verma (Principal, SRIPS). Speech and Valuable words of all the dignitaries motivated the students and guided them "how to make their aim and how to achieve that". The session was handled by Prof. Nitesh Dubey (HOD of SRIPS) and other senior faculty Prof. Alkendra Singh & Prof. Sukirti Shrivastava. It was followed by a Fun gaming activity by the program coordinators. Senior Students of SRIPS also volunteered the whole fun activity.

## NAVRATRI: THE SAGA OF NINE NIGHTS

'Navratri' means 'nine nights.' Devi is worshipped in 9 forms known as Navadurga or Mother Divine.

On first Day of Navratri we worship Devi Shailaputri. She symbolizes the highest peak of any experience. We worship Devi Shailaputri to attain the highest state of consciousness.

On second Day of Navratri we call upon goddess Brahmacharini. This day is especially sacred to meditate and explore our inner divinity.

On third Day of Navratri we appease Devi Chandraghanta. This day signifies withdrawing from all vagaries of the mind, with a single focus on Mother Divine.

On fourth Day of Navratri we pray to Kushmanda who showers us with Her divine energy.

On fifth Day of Navratri we appeal to Skandamata. Worshiping this form of Devi brings abundance of wisdom, wealth, power, prosperity and liberation.

On sixth Day of Navratri we worship Devi Katyayani who annihilates the demonic forces in the universe and restores balance and even puts an end to all our inner foes.

On Seventh Day of Navratri we invoke Devi Kalaratri who is a fierce form of Devi representing the infinite dark energy that houses innumerable universes.

On eighth Day of Navratri we call upon Devi Mahagauri who stands for all that which is beautiful, gives momentum and freedom in life

On ninth Day we worship Devi Siddhidatri who brings perfection in our life. These nine nights are celebrated to rekindle our divine impulses and celebrate the innermost depth of our lives.

Prof Priyanka Joshi, Department of Pharmacy

STUDENTS RESPONSIBILITIES TOWARDS

CAMPUS || न कालमतिवर्तन्ते महान्तः स्वेषु कर्मसु ||

Students should value honesty and academic integrity. Student must arrive on time and prepared for all classes, meetings, academic activities, and special events. They must give attention to quality and excellence in completing assignments. They should be

allotted sufficient time to fulfill responsibilities outside of class. They must observe etiquette in all communications; give respect to instructors, fellow students, staff and the whole college community. They should take full advantage of college resources available to them. They must Respect diversity in people, ideas, and opinions. They should try their best to achieve educational goals in an organized, committed, and proactive manner. They must take full responsibility for personal behavior. They must abide by all college policies.

## Students' Corner

**Vibhu Pathak, a student of BBA 2nd Year, SRIPS shared her views on International day of girl child**

She holds the opinion that girls are not only leaders but also the change makers. Girls are driving good growth around the world and technology is a crucial tool to support their work activism and leadership. This year's theme of international girl child day

is "Digital generation Our generation" calling for equal access to the internet and digital devices for girls so as to facilitate meaningful opportunities for them. The pandemic has deepened the gender divide around online safety for girls facing economic and social barriers to internet access. Many leaders made commitments to build more inclusive digital societies through providing equitable opportunities to girls.

**Makhan singh**  
A Students of B.Tech CSE second Year

**Rashtriya Ekta Diwas**

Makhan Singh a Student of B.Tech CSE second Year expressed his views on Rashtriya Ekta Diwas or National Unity Day is celebrated annually on October 31 to pay tribute to Sardar Vallabhbhai Patel who is the Iron Man of India. He was an

Indian freedom fighter and independent India's first deputy prime minister and home minister. For his efforts towards a united India, Sardar Patel's birth anniversary is now celebrated as National Unity Day in the country. People mark the day with activities such as runs for unity. On this day, locals are encouraged to remember the inherent strength and resilience of the nation.

**Neha Prajapati**  
A Students of B.Tech CSE Second Year

**International E-Waste Day**

Neha Prajapati a student of B.Tech CSE Second Year Conveyed her concern about International E-Waste Day The fourth edition of the e-waste day took place on 14 October 2021. 172 organizations from 78 countries from around the world showed

their sensitivity to the issue of effective disposal of e-waste. The Corona virus outbreak has had a perceptible effect on our use of electronics and digital solutions, with people relying on e-products to keep them connected with work colleagues and with their family and social life. This has not only meant a greater use of technology in the home, it has also led to an increase in the consumption of e-products. Through her views Ms Prajapati expressed her concern towards nature and appealed for sound e-waste disposal by proper e-waste collection, repair, reuse or recycling.
